

RoHS 3 (EU Directive 2015/863) & China MEP Order 7 Material Confirmation Certificate

SemiQ, Inc. hereby declares that our products are complaint to RoHS 3 (EU Directive 2015/863) of the European Parliament and Council from 08/06/2011 on restriction of the use of certain hazardous substances in electrical and electronic appliances. Likewise, SemiQ declares that our products are complaint to China MEP Order 7.

Compliance means that the substances restricted by the China MEP Order 7 and EU Directive 2015/863 (and subsequent amendments by the European Parliament) are not contained in a product above directive defined threshold limits, unless the restricted substances is subject to an exemption contained in the RoHS Directive.

As allowed by Exemption 7(a) Lead in high melting temperature type solders, all SemiQ packaged products are currently assembled utilizing >85% Lead (Pb) based high melting point solder for die attach. The weight% varies by product, but for all products lead (Pb) will exceed the 0.1% limit.

Should you have any further questions concerning compliance, please contact the representative listed below.
