Declaration of Substances in Articles

As required by Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

As a global supplier of silicon carbide power devices, SemiQ Inc. has a policy of conducting business in an environmentally responsible manner and operating within all regulatory requirements.

SemiQ products are considered articles under REACH. As such, we are obliged to report any product containing any of the Substances of Very High Concern (SVHC) in quantities greater than 0.1% (by weight).

SemiQ utilizes lead (Pb) in high melting point solder for die attach within our products. The weight % varies by product, but for all products lead (Pb) will exceed the 0.1% limit.
